## SAVE 45% FLOOR SPACE

*Strongest ' Nesting Rack ' built in America*

The ' LC Space-Saver-Rack <sup>TM</sup> ' was designed to stand up to: 'real life' everyday hard usage, even to the harshest of extra heavy-duty commercial abuse!

We used 3 patented 'C-Shape' cross-members for superior torsional rigidity and strenght. Made of 1/8" thick Extruded Aluminum and welded solid (over 300 welds) to give you the strenght you wanted, and keep the overall weight low for easy maneuverability!

We added 2" wide x 4" tall 'roller-bearing' casters for extra super-smooth rolling and easy handling, to give you a great rack you will enjoy for many years to come!

Yes, it's great to save space, but - not at the expense of Durability!

We built this rack to last, and outlast the competition!  
Order yours today. You'll be glad you did!  
We Guarantee It

SAVE FLOOR SPACE WITH OUR

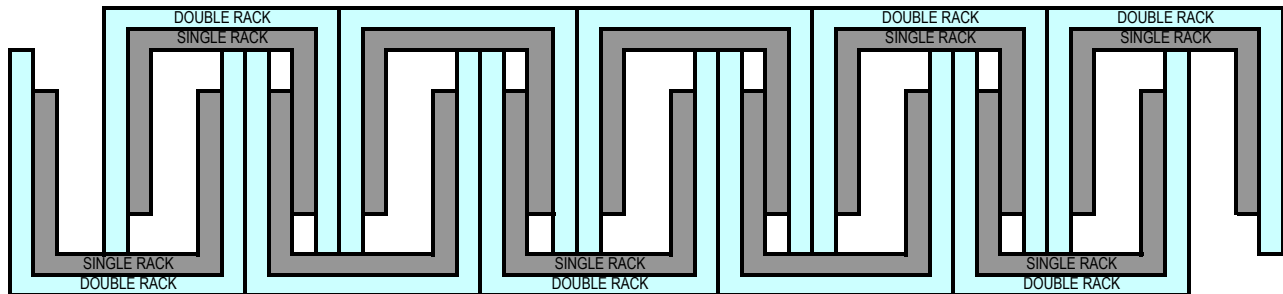

Model - LCR.C14DHO ( with hangers - for Hobart Ovens)
